# 3rd Quarter 2023: Ephesians

written by admin | August 5, 2023

In This Quarter...

Ephesians speaks especially to times like our own in which the allure of the world and the passing of time threaten to dull Christian discipleship. It lifts up Christ and accents the significance of following Him as engaged, active members of His church as we live out the hope of His return. This quarter we have the privilege of listening prayerfully to Ephesians and experiencing anew the excitement of following Jesus in challenging times.

John K. McVay, PhD, is president and professor of religion at Walla Walla University in College Place, Washington, USA, where he has served since 2006.
