

Critical Race Theory: Exposing the Lies While Advancing the Gospel

written by Tim Jennings, M.D. | April 22, 2023

Have you longed for the love, equality, and unity that are inherent in our faith (Ephesians 4:13)? Have you been concerned about the influx of Critical Race Theory (CRT), not only into society at large, but also into Christianity? Have you recognized something is not right with CRT and struggled to disentangle the true from the false? Then you may find this beautifully illustrated magazine to be a helpful resource.

Author, Christian psychiatrist Timothy R. Jennings, M.D., advances the unifying gospel of Jesus Christ by contrasting the marked and incompatible methods of CRT and those advanced by Jesus, documenting how the gospel brings genuine unity of all peoples, while CRT incites even greater social division, exploitation, and abuse. He concludes with a biblical plan to end racism and achieve the unity that can be found only in Christ.
