

Tearing Down The Veil

A Come And Reason Ministries Update

2020-2022

A MESSAGE FROM THE PRESIDENT

*"At that moment the curtain of the temple was torn in two from top to bottom"
(Matthew 27:51 NIV)*

When Jesus died on Calvary, the veil that separated the most holy place, where God's presence was seated, from the camp of Israel was torn in two—meaning that Jesus' ultimate sacrifice had forever bridged the divide between the human species and the Father in heaven.

Sadly, teaching that God's kingdom operates no differently than the governments of the world, with imposed rules and external punishments, the contemporary Christian church has actually been working to stitch up that veil, keeping the truth about God's love hidden in these last days.

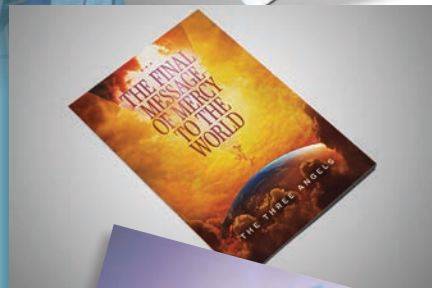

That's why we're so thankful for you. Your love and prayers are ensuring that people living in these chaotic times can discover the truth about our God and His character of love, the One whom Jesus revealed to us through His life, death, and resurrection.

Over the past three years, Come And Reason Ministries has continued to share the real good news about God, always focused on sharing the design principles upon which He built the universe, dispelling lies about our Creator through new publications, live events, online outreach, and more.

And last year, God blessed Come And Reason with the opening of our new headquarters. We now have a top-notch media studio to broadcast weekly classes and other programs, along with space for offices, warehousing, and shipping. It is already making a big impact on our outreach efforts.

Because you are a likeminded partner in this mission, we hope you enjoy reading how God is working through our united efforts to share His truth far and wide. Without you, none of this would be possible!

FINANCIAL SUMMARY

From the founding of Come And Reason, Dr. Jennings and board members have believed strongly that if this is indeed a work the Lord has appointed to this ministry, He would provide the resources even without regular, formal fundraising. And God has indeed been faithful! Over the past 13 years, He has supplied all the resources necessary to grow the ministry's reach and enable us to continue sharing the message. The following charts recap our **local Chattanooga, USA expenses** for the past three years.

PROPERTY PURCHASE

For 12 years, the Come And Reason Bible Study Class had been webcasting from a small, rented venue each Saturday. Every week, Dr. Jennings, board members, and volunteers worked to set up chairs, cameras, and the streaming equipment necessary to broadcast internationally; then, after the webcast, the same team packed up the equipment for transport and storage—just to do it all over again the next Saturday.

Furthermore, the ministry also produced several media programs that required us to rent facilities and filming equipment. And as we continued to produce magazines, books, and sharing tracts, additional office and storage space was rented to accommodate our production, shipping, and warehousing needs.

Despite these challenges, God blessed abundantly; we grew into a far-reaching ministry that shares the good news about God’s character of love all around the world through media and literature—but this growth also led to a need for expanded facilities.

That’s why, in 2021, the Come And Reason board voted to purchase and remodel an existing building to bring all our operations under one roof and streamline our outreach. Regardless of supply chain issues and vendor delays, we praise God that this new center was completed and opened for business on October 8, 2022! We encourage anyone interested to contact us for a tour or attend our weekly Bible classes.

The new facility has a commercial-grade kitchen, shipping room, and a 2,500 sq ft production studio/meeting room with an attached sound-proof control room and a sound recording room.

We now have a secure, “uncancellable” venue to hold meetings with the ability for the presenter to speak and interact with the audience remotely via internet video call.

TESTIMONIES

You're making a huge difference in real lives! Each day, people around the world are changed when they watch a Come And Reason video, receive a publication, or find us online, learning for the first time what it means that "God is love" (1 John 4:8).

Here are just a few recent testimonies that show you're helping to forever tear down the veil.

Kimberly from Alaska writes:

A week ago, my healthy, asymptomatic husband collapsed. After a round of testing, it was determined that he had malignant melanoma that had spread to almost every organ, including the brain. Here's the thing—we are praising God! Why? Because the God we serve is a God of love, truth, and freedom. We have spent the last several years devouring your books and never missing a Sabbath School. ... God has used your ministry to prepare our hearts for this moment in time.

Kimberly then shared this moving entry from her journal:

At the end of the large oncology ward, you will find Room 566. A corner room tucked quietly away. If you were to knock on the door, you would be greeted with a cheerful, "Come in!"

Staff come into this room just to hang out. Baffled by the cheerfulness in the room. At awe by the courage shown by their patient after being told it was terminal cancer. There is a presence there that they can't explain.

Inside the room, medical equipment lines the walls, bouquets of flowers adorn the windowsill, and a hospital bed sits in the center. But what you really notice is the man lying in the bed. IV ports hanging from each arm, whiskers turning into a beard, and the biggest smile to light the dreariest day. I'm proud to call that man my husband!

Allison from Dallas writes:

Because of the message you have been so faithfully teaching each week, I am being healed! I know God now because I know His character. I can't thank you enough for what you have done in my life! My mom has had a similar experience and is also a huge fan of your ministry!

Chris writes:

I am incredibly grateful for the transformative impact you've had on my life, and words cannot fully express my appreciation. Over the years, I have been an avid listener and follower of your teachings, and I would like to extend my heartfelt thanks for creating the C&R app. It has allowed me to immerse myself in your lessons repeatedly, enabling me to grasp their profound significance.

Your teachings about the character of God, design law, the protocols for life, the reasons behind the current chaos, and Christ's mission to restore everything have deeply touched me. ... I [once had] the perception that God is no different from the deities of ancient Greek or Roman mythology—demanding sacrifices and taking pleasure in bloodshed. Thanks to your transformative teachings, I have experienced a profound awakening to the true nature of God and the immense power of His love.

It is truly a remarkable and liberating sensation to finally grasp the truth and embrace the empowering nature of God's laws. What once seemed like insurmountable obstacles—deeply ingrained bad habits formed over the years—have now become conquerable challenges. While there is still progress to be made, my self-perception has become brighter and more infused with love. The journey of growth that lies ahead of me is exhilarating in every sense.

WHAT'S NEXT?

Come And Reason has big plans for the remaining months of 2023 and for 2024, including a possible new live event for the fall and new publications. Please pray that God will continue to guide Dr. Jennings and the Come And Reason team—

AND THANK YOU AGAIN
FOR YOUR LOVING
SUPPORT.
