HEALING TRUTH!

**2024**

Come And Reason Ministries  
Annual Report

## A MESSAGE FROM THE PRESIDENT

*"Then you will know the truth, and the truth will set you free." — John 8:32*

Hello, friend!

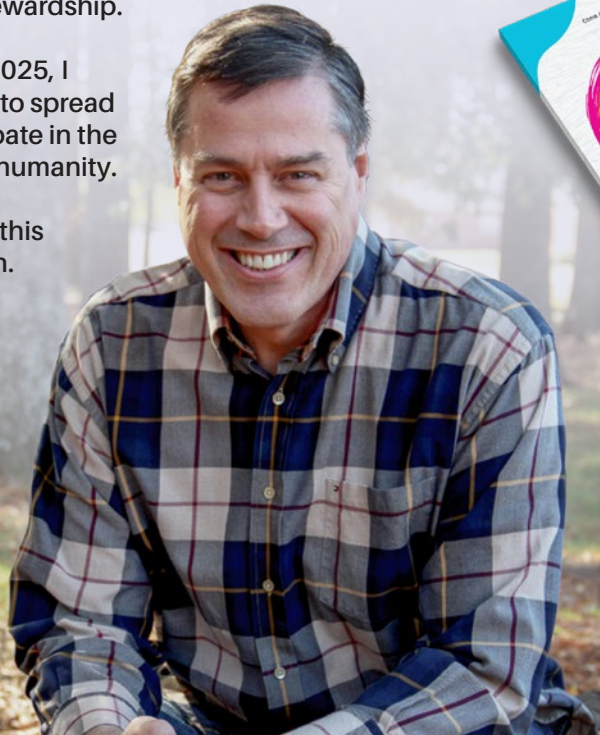

With a profound joy, I'm happy to share with you that in 2024, Come And Reason Ministries significantly advanced its mission to illuminate God's eternal character of love, truth, and freedom. Through our many programs and resources, we invited hearts and minds around the world to reason together with our Creator and embrace His healing truth that will prepare them for Christ's soon return.

It is no small thing that your prayers and partnership have made this work possible. This annual report reflects the impact of your faithfulness—highlighting our key initiatives, volunteer service, and financial stewardship.

Now, as we continue this work in 2025, I look forward to new opportunities to spread the everlasting gospel and participate in the final restoration of God's image in humanity.

Thank you for standing with us on this journey of truth and transformation.

Timothy R. Jennings, M.D.

“ I cannot thank you enough for opening my understanding to the beautiful truth of God's Law of Love and how it applies to everything. I have been a Christian for over forty years, but I feel like I am only now seeing with my eyes open. Thank you! ”

Tammy C., Australia

## PUBLISHING: NEW IN 2024

Come And Reason's goal has always been clear and unchanging: to share God's end-time message with the world, preparing hearts and minds to encounter our loving Father exactly as the Savior represents Him to be. One way we have accomplished this is through new publications that free minds of all ages by boldly proclaiming the truth of design law—and it was no different in 2024.

### ■ The Lie That Deceived Angels, Infects Christianity, and Delays the Second Coming of Christ

With so much turmoil in our world, many are asking, "Why hasn't Jesus come yet?" With conviction and clarity throughout this 64-page, beautifully designed magazine, Dr. Jennings exposes the root lie within Christianity that interferes with the true gospel going to the world. He reveals the long-hidden truth that exposes counterfeit gospels, and he calls for reformation founded in God's design laws of love, truth, and freedom. Thousands have already discovered how rejecting imposed-law theology brings healing to hearts and minds now and is the message to lighten the world and hasten the return of Jesus!

### ■ Biblical Concepts Made Easy

This 96-page activity book for kids, written by Stephanie Land, is an exceptional resource designed to help parents and educators who seek to impart the profound lessons of God's love and goodness to young audiences through the life-changing lens of design law. It is filled with engaging activities that educate minds and prepare their hearts for heaven by emphasizing God's final message of healing love to a hurting world.

“ I love this ministry! I see firsthand how this message is desperately needed, how erroneous beliefs about God and His character negatively affect humanity at every level. I thank God for your ministry, as I was searching on my own and was discovering some of your same beliefs and was blown away when I found your ministry. I know you hear it all the time, but it is truly life-changing! ”  
Eric S., Florida

“ You have opened a whole new world to me, and I have found tremendous healing through what you have shared in your books *Could It Be This Simple?* and *The God-Shaped Brain*. I praise God for what I have learned and how I have grown and healed! My prayer is that my precious Jesus will be seen by others in the way I live, act, talk, etc., and they may be encouraged to know He is truly a GREAT God of love, desiring that no one should perish! God bless you in your continued endeavors to present Him as He really is! ”  
Joleen H., Georgia

## MEDIA: NEW IN 2024

Come And Reason actively leverages social media and other digital platforms to share the principles of design law and God's character of love as widely as possible.

As part of that effort, we debuted a new podcast in the summer of 2024 called *Designed 4 More*, which has seen remarkable growth and engagement across various platforms, particularly YouTube. The podcast has been an inspiring, hope-filled beacon for those eager to experience transformation of mind, body, and spirit through the principles of design law.

By December 2024, a total of 20 podcast episodes had been released, each crafted to explore themes that resonate deeply with seekers. This consistent output of high-quality programming has been instrumental in fostering sustained viewer engagement and enthusiasm.

As part of our campaign, we launched dozens of short-form *Designed 4 More* videos that complement our longer episodes, providing quick insights and fostering curiosity for our key messages.

November 2024 marked a turning point for the podcast, achieving 173,565 monthly views—the highest count since its debut. This milestone not only highlights the growing interest in our programming, but also signifies the increasing reach of our mission. We are excited about the path ahead and remain committed to producing impactful content that enriches our listeners in all areas of life.

“ Last night, I listened to ‘The Law of Liberty’ and ‘How to Achieve Victory: Freedom, Truth, and Spiritual Warfare.’ These are both MY ABSOLUTE FAVORITES so far! The logic is just so beautiful. I just want to EXPLODE! ”  
N. B., Canada
