

Patients in Liberian Hospital Get C&R Books

written by admin | September 22, 2021

In March, 2021, some really nice people at Adventist Health (Global Missions Liberia) in Roseville, CA allowed a few cases of our books to be included in their container of medical supplies headed to Liberia. They likely had to hold the shipment to wait for ours to arrive. We were given very short notice, but our printer worked some magic and was able to get a pallet wrapped and drop-shipped to CA in time. Here are some photos of thankful patients reading what we sent.

Thank you for your generous donations that make this possible!
