Last year, Shea Vaughn, from the [WBTVN.TV](#) network, had Dr. Jennings as a guest on her show two times. During preparation for the second interview, she said she had been to this website, watched a number of seminars, and believed the message Come And Reason Ministries is presenting needs to reach a larger audience.

As the founder and CEO of WBTN, she invited Dr. Jennings to have a weekly show on her network.

The ministry agreed and found a studio, production crew, director, post-production editor, and in two, 8-hour days, recorded the first 20 episodes. We are please to announce that *The Dr. Tim Jennings Show* is now broadcasting **every Tuesday at 8:00 PM Eastern** on Women On TV.
